

## How to generate and electronically transmit prescriptions using iSmart EHR

1. Open **Chart Record** (encounter during performance period), switch to **PRESCRIPTIONS** section and click **'Add/Manage RX'** button.

2. Select appropriate **pharmacy** to send prescription to.

3. Click 'Create New Prescription' button.

The screenshot shows the Rcoia Patient Advisor interface. At the top, there is a navigation bar with the Rcoia logo and the text 'Prescription Report'. Below this is a secondary navigation bar with tabs for 'Patient Scorecard', 'Patient Support', 'Clinical Decision Support', and 'Medication Fill History'. The main header area displays patient information: 'Amanda Reis | 03/16/1953 | Female | 65 years'. A red box highlights the 'Create New Prescription' button, with a red arrow pointing to it. To the right of this button is a star icon and the text 'ENCOUNTER LOV: 02/16/2017'. Below the header is a 'Patient' section with a blue header. It contains fields for 'SEX' (Female), 'DOB' (03/16/1953), 'HEIGHT' (0 cm), and 'ADDRESS' (Brt str 26, New York, NY 45996). There is also a 'Pharmacy' dropdown menu with a search icon and a list of options: 'EPCS Staging Pharmacy Test (C) (R) (E) (24) - 123 Test M', 'EPCS Staging Pharmacy Test (C) (R) (E) (24) - 123 Test MD 12345', and 'Browse Pharmacy...'. Below the pharmacy list is a 'PRESCRIPTION BENEFIT' section with the text 'No Prescription Benefit Available'. At the bottom of the patient section are buttons for 'Provider Clinical Report' and 'Patient Clinical Report', and a 'Show Details' button.

4. Type in a medication you are going to prescribe (e.g. Vitamin A) and select option from the available list.

The screenshot shows the Rcoia Patient Advisor interface. At the top, there is a navigation bar with the Rcoia logo and the text 'Prescription Report'. Below this is a secondary navigation bar with tabs for 'Patient Scorecard', 'Patient Support', and 'Clinical Decision Support'. The main header area displays patient information: 'Amanda Reis | 03/16/1953 | Female | 65 years'. A red box highlights the 'Create New Prescription' button, with a red arrow pointing to it. To the right of this button is a star icon and the text 'ENCOUNTER LOV: 02/16/2017'. Below the header is a 'Select Medication for Prescription' section with a blue header. It contains a 'PRESCRIPTION BENEFIT' section with the text 'No Prescription Benefit Available'. Below this is a search box containing the text 'vitamin a'. To the right of the search box are buttons for 'Clear' and a star icon. Below the search box is a dropdown list of medication options: 'Vitamin A and D Diaper Rash (petrolatum, white-lanolin) ointment', 'Vitamin A and D GRx (vits a and d-white pet-lanolin) ointment', 'Vitamin A and D GRx (vits a and d-white pet-lanolin) ointment in packet', 'vitamin A and D ointment', 'vitamin A capsule', 'vitamin A palmitate (bulk) liquid', 'vitamin A palmitate capsule', 'vitamin A palmitate tablet', and 'vitamin a palmitate-B-carotene tablet'. A red arrow points to the 'vitamin A capsule' option in the list.

5. Select appropriate units if necessary.
